Hello Faculty member,

You are invited to experience FMA Internship program.

Film Market Access is offering young professionals the opportunity to be a part of Festival de Cannes & Toronto International Film Festival. Interested students will obtain access to networking events and introduction to notable companies at the film festival and various markets.

Attached are two items; an article piece from Norwich University College of the Arts Alumni Magazine, of a graduate student who participated in the FMA experience. And a letter from the founder of FMA that describes the internship endeavor awaiting students who attend your school.

You are welcome to visit our website for more information www.market-access.ca.

Best Regards, Dhanyawad.
